Welcome to this year's UVDB Connect – Meet the Members. At this event, we aim to add value to our members by giving them the opportunity to make vital first contact with key buyers, all with the ultimate goal of helping you win new business.

At our previous UVDB Connect event we were joined by leading industry speakers from Northumbrian Water, Northern Powergrid and Costain Group, among others. This time, once again, our focus is to welcome UVDB buyers and suppliers to learn, share and network.

We are very excited to share the full agenda for this year's event.
