

We know that nothing is more important than making sure everyone gets home safely at the end of the day.

To ensure your safety standards aren't compromised you need to regularly monitor your supply chain's competency and compliance.

And with more than 10 years' experience in this field, when it comes to ensuring everyone gets home from work safely we're the name to trust.

Achilles Siclar is a pre-qualification service that:

- Complies with regulations and legal requirements
- Aligns with industry standards and pre-qualification requirements
- Verify critical health and safety and financial data from over 3800 suppliers

Achilles also assures:

- Validation of expert information supported by a team with world experience
- Ability to transfer information to internal systems of your company

This service is right for you when:

- You need to verify the suppliers' compliance with safety and hygiene, competence and legality
- You require updated, unified information from your suppliers

We offer your suppliers:

- Greater visibility in the oil and gas industry in Latin America
- Access to events and topical webinars
- Opening of opportunities with scope of new potential buyers
- Save time and effort in repetitive pre-qualification exercises
