# Product and service code updates - 2021

### **New codes:**

1.8.4 Electric Vehicle [EV] Charging Stations

1.8.25 Unmanned Aerial Systems incl Drones

3.23.6 Wind Turbines

- Onshore Wind Turbines - turnkey including tower, rotor and nacelle
- Offshore Wind Turbines - turnkey including tower, rotor and nacelle

3.24.2 Trashrack cleaners [raking machines]

- Stop logs
- River boom

### **New codes - upgraded from keyword to code:**

3.25.0 RENEWABLE ENERGY - SOLAR POWER PRODUCTION EQUIPMENT

3.25.1 Photovoltaic Panels

3.25.2 Photovoltaic Equipment

3.25.3 Thermal Solar Panels

3.25.4 Inverters for Solar Power Panels

### **Renumbered codes:**

3.26.0 OTHER RENEWABLE GENERATION PLANT AND EQUIPMENT

3.26.1 Bio Energy Power Production Plant & Equipment

3.26.2 Wave Motion Power Production Plant & Equipment

3.26.3 Osmotic Power Plant / Salt Power Plant

3.26.99 Other Renewable Generation Plant & Equipment

**Expanded codes (broadened to include drones):**

2.8.15 Helicopter/Air Transport/Drone [Unmanned Aerial System] Services (also see 4.9.17)

**New keywords included under existing codes:**

2.8.15 Helicopter/Air Transport/Drone [Unmanned Aerial System] Services (also see 4.9.17)

- Drone (Unmanned Aerial System) Services

3.24.3 Gates incl. Adit Gates (for hydropower waterways)

- Sliding gates
- Fixed wheel gates
- Flap gates
- Radial gates, tainter gates
- Rubber gates
- Other gates
- Adit Gates

4.1.6 Reservoir/Dam/Weir/Lock

- Reservoir Thermal Energy Storage

4.6.13 Dams Consultancy

- Reservoir Thermal Energy Storage Consultancy

4.8.22 Welding and Cutting Services

- Certified welding services

4.99.25 Statutory Inspection Services/Safety Assessments

- Endoscope Inspection

**Existing Keywords (updates/changes):**

2.8.15 Helicopter/Air Transport/Drone [Unmanned Aerial System] Services (also see 4.9.17)

- Helicopter Line Clearance Services

4.9.17 Overhead Line Services - Surveying

- Overhead Line Surveying - Aerial [including Drone]

**Replaced codes - suppliers are moved to other codes before deletion**

3.9.0 RENEWABLE GENERATION PLANT & EQUIPMENT

3.9.19 Wind Power Production Equipment

3.9.20 Hydro-Electric Power Production Plant

3.9.21 Bio Energy Production Equipment

3.9.22 Wave Motion Power Production Equipment

3.9.24 Solar Power Production Plant

3.9.25 Wave Motion Power Plants

3.9.26 Osmotic Power Plant / Salt Power Plant

3.9.99 Other Renewable Generation Plant & Equipment

4.8.21 Tool and instrument repair services

# Adding Product Codes and Key Words

Ensuring that your company registers under the product and service codes that match your capabilities is one of the most important aspects of completing the questionnaire.

The product and service codes are the primary means for buyers to source suppliers and/or contractors to match their contract requirements.

It is essential to give careful consideration and allow adequate time to review all of the available product and service codes and keywords, in order to maximise your company's chances of being identified by a buyer for a relevant contract opportunity.

# How to select product and service codes for your organisation

This guide provides all the product and service codes and their associated keywords.

There are four tiers in the coding structure which are divided into the following areas:

1. GENERAL BUSINESS PRODUCTS
2. GENERAL BUSINESS SERVICES & WORKS
3. SECTOR SPECIFIC PRODUCTS
4. SECTOR SPECIFIC SERVICES & WORKS

For the Achilles UNCE, you will be required to select product codes at the third level. This guide provides all the product codes available to choose from

# Navigating through the Product Code tree structure

In the system, to select your organisation's product codes, you will need to navigate through a tree structure:

- Level 1 – the highest and most general category.
- Level 2 – subcategories giving a greater level of detail.
- Level 3 – individual products and services – this is the level to choose to indicate what products and services your organisation can supply
- Level 4 (keywords) – further division of the individual products and services to give a greater level of granularity– this may help buyers identify suppliers who provide a particular type of the level 3 product or service

If you are not sure which section contains a particular product code, a free text search option is available. Remember that Achilles codes are not a Bill of Materials but exist to enable buyers and suppliers to begin a conversation. The product codes may not be an exact match to the products that your organisation provides, so think in terms of 'categories' rather than specifics when looking for a code. The codes do not use trade names, so search for a generic term (sticky tape) rather than a trade or brand name (Sellotape).

For further guidance on how to select product codes, please see the

***'How to join a buyer's supplier registration system'***.
